Dana,

The California Department of Public Health (Rad.) contact information is:

CDPH  
Mr. Steve Woods  
1500 Capitol Avenue  
Mailing Address:  
MS 7600  
P.O.Box 997377  
Sacramento, CA 95899-7377  
Phone: (916) 440-7259  
Email: [TreasureIslandQuestions@cdph.ca.gov](mailto:TreasureIslandQuestions@cdph.ca.gov)

There is a great website <http://sftreasureisland.org/united-states-navy-information> that has even more information, including detailed contact information for all agencies, including EPA (me). It also lists the Treasure Island Development Authorities' Cleanup Hotline (415) 487-4841

The DTSC (lead agency) Project Manager is Remedios (Medi) Sunga phone: (510) 540-3840 email: [Remedios.Sunga@dtsc.ca.gov](mailto:Remedios.Sunga@dtsc.ca.gov). The lead Navy Project Manager is Keith Forman [keith.s.forman@navy.mil](mailto:keith.s.forman@navy.mil) Phone: (415) 308-1458, I've talked with Patterson before, so if he wants to call me, my phone is (415) 972-3246. You have my email also. I really don't have much value to add to the conversation, but will certainly listen to his concerns.

David

David, can you let me know what contact info you would be okay with me sharing with Mr. Patterson? Thanks - Dana

Thanks Loren and David.

Now that Mr. Patterson has my name and cell phone number, and since I returned one of his early calls a few months ago, I expect he will continue to call me. As I said, I would like to respond as a courtesy, but I am a little hesitant. I would be happy (he said with a smile) to give him David's or someone else's name, but will certainly follow your lead.

If you have any specific advice, let me know. Thanks again for responding - Dana

Dana,

I am copying the RPM for Treasure Island, David Stensby. In the future you can contact him for issues at TI. Unfortunately, Mr. Patterson is not easy to handle. I've called him, I believe David has called him and had conversations with him, as have folks in HQ. His best bet is to talk to staff at CDPH. David might have the contact at CDPH.

Loren,

Not sure if you are still the best contact, but...

I have received two e-mails and now a voicemail message from Mr. Patterson within the last two weeks. I always like to return calls from the public if I can, but I realize that this is a situation for which I do not have all the relevant issue. On the voicemail from today, Mr. Patterson discusses both radiation concerns, as well as concerns about recent demolitions and the possibility of asbestos.

How do you typically handle these situations? Do you have any advice for me? Is it best left to you and your colleagues in the Region?

Thanks – Dana

Loren and all,

This is another link sent by the citizen who contacted HQ OSRTI a couple of weeks ago. It seems the Navy has asked some folks to leave their homes as part of the cleanup process. I do not intend to respond to Mr. Patterson any further but thought I should share with you in case you have not seen it. Thanks - Dana
